

Latch series

Designed by Dazingfeelsgood, Singapore

In 2017, Singapore-based Dazingfeelsgood participated in the Bolia Design Awards. The young designers had a dream of crafting a piece of furniture whose beauty lies in its irregularities. The result of their efforts was Latch - a sculptural series of coffee tables made from FSC®-certified solid oak, featuring an array of contours and where the diameter of each component is unique. The design is simple yet experimental at the same time.

Meet the designer

We believe that design, as much as art, should be integrated into everyday life. A great design should be consistent and cohesive; it should not only fulfill form and functionality, but also create experiences and evoke emotions among the users.
