

## Latch series

Designed by Dazingfeelsgood, Singapore

---

Let your dining table take the centre stage as a sculptural focal point in the dining room. The Latch dining table explores the simple beauty of solid oak wood, featuring organic shapes and an eye-catching design. A heavy tabletop in FSC® certified oak and chunky oak legs in playfully varying diameter – their asymmetric placement allows ample room for up to 6 chairs. The Latch table series was designed by the Singaporean studio Dazingfeelsgood and was the winner of our 2017 Bolia Design Award. Since then, it has remained a beloved piece in our collection.

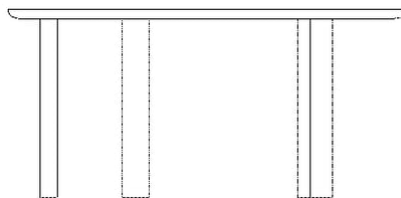

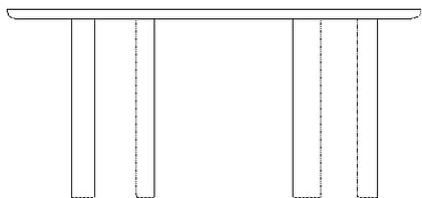

### Meet the designer

We believe that design, as much as art, should be integrated into everyday life. A great design should be consistent and cohesive; it should not only fulfill form and functionality, but also create experiences and evoke emotions among the users.
