## SHORT

Paper boat in solid oak and with a hidden magnet that holds the sail in place

## LONG

Mom's and dad's newspapers could easily get a whole new life when they ended up in creative children's hands. A simple local section could turn into the most amazing sailboat, ready for trips in a tub, puddle or even in a real lake if you were lucky enough to live nearby one.

With Admiral we are heading for an aesthetic rendering of the childhood paper boat, here created in solid smoked stained oak and with a hidden magnet that holds the sail in place.
