

INNOVATION LIVING™

Space saving designs for your home

“Innovation Living™ is a Danish furniture company built on the proud Danish tradition of furniture design.

We believe that form and function must go hand in hand to create innovative, durable designs for everyday use.

We have dedicated ourselves to the design and development of multifunctional sofa beds, and today we are proud to be able to call Innovation Living™ an internationally renowned sofa bed specialist.”

Per Weiss,
Chief Design Officer

Durability is the most efficient sustainability factor

To make a positive difference we must all consume a little less. It means choosing products that will stand the wear and tear of everyday use, and with an aesthetic character that will stay attractive over time.

We constantly work to develop products that will honor the above requirements in such a way that recycled and reusable materials are considered and integrated when possible.

Lower CO₂ footprint

Since 1989, all our products have been designed for flat packing, which means minimizing CO₂ emissions during transport and storage. We continuously work to reduce the environmental impact of our activities, and you can read more about our specific initiatives on our website. We are not CO₂ neutral, but we keep working hard to minimize our CO₂ footprint.

Maintain & refresh

Designing for flat packing means creating a set of parts that easily combine into a full product. The complexity and number of parts vary from product to product, but the design strategy allows for easy replacement of components to prolong product lifetime - whether it is to replace a worn-out part or refresh the look of the product.

Disassembly & recycling

In our design process we focus on the ability to disassemble the products and materials after ended life cycles. Which materials are used, how they are combined, and how they can be separated into individual parts and recycled. Each design creates a new challenge and some designs are more suitable for disassembly than others, but the ECO-dimension is always an integral part of our way of thinking.

Durability | 5 years warranty

Quality and durability are at the center of our design and production process. We offer 5 years warranty on all designs and lifetime warranty on slats and gears on all sofa beds in the Multifunctionals category.

See further information about warranty on our website.

Certified production facilities

We engage in the development of local communities to contribute to a better tomorrow in the areas in which we are present. To ensure ongoing improvement, our production facilities are continuously audited to ensure third party confirmation that our group values and working conditions are followed. Amongst others by amfori BSCI Code of Conduct. See more about our standards and principles on our website.

Give back to Nature

To contribute to the balance of the global ecosystem Innovation Living plants more than 10.000 new trees every year to compensate for our consumption of wood.

Fabrics & Covers

The texture and colour of the fabric are important as they will interact with the product design to define the final character of the furniture. As preferences tend to change over time, our fabric collection is constantly adjusted to offer a variety of choices that reflect the spirit of the time.

Detachable covers

As it offers obvious benefits, a growing part of our collection comes with detachable and washable covers. The sofa is easy to maintain as covers can be machine washed at 30 degrees Celsius. Upholstery can be replaced if they are worn out, or if you want to freshen up your sofa. Instead of replacing the entire sofa, this will create a significantly smaller impact on the environment.

Products available with detachable covers:

Accordion, Achilles, Conlix, Idun, Merga, Multifunctionals, Narvi, Pascala, Puri, Revivus, Rollo, Trym & Yonata.

Look for this Icon:

Fabrics

As not all designs are suitable for removable covers, the durability of the fabric and ease of cleaning becomes crucial for the longevity of each design. All fabrics are highly durable and upgraded by adding backsides to strengthen them even further. All fabrics can withstand wash at 30 degrees Celsius, which means that products can withstand wet cleaning. Finally, most of our fabrics are OEKO-TEX Standard 100 certified which means they are free of harmful chemicals and substances.

Recycled fabrics

The supply of fabrics made from recycled fibers is fortunately constantly increasing. In our collection we are now able to offer two fine qualities made from recycled plastic bottles.

Please look for Vivus & Argus fabrics - see page 163

Eco specials | Revivus & Puri

Eco specials is a collection of uncompromising designs that take environmental aspects in relation to material selection, production, packaging, transport, durability and recycling into account. It is product developments like this that give us insights and learnings that will qualify us as an environmentally friendly manufacturer. Please see pages 80 and 82.

The construction of Revivus:

Designers

Per Weiss
Chief Design Officer
Innovation Living Design Office

The Danish designer Per Weiss is the Chief Design Officer at Innovation Living. He has been part of Innovation Living since 1989 and is the driving force behind the constant creative development of the collections.

Based on the Scandinavian design tradition Per is constantly striving to create durable designs that reflect Zeitgeist. Attractive Designs that will make a positive difference in everyday life.

Comfort is always at the center of our design process

As we work with multifunctional sofas where both seating comfort and sleeping comfort must be considered as well as the functional principles - each design offers its own challenges in relation to the development of the optimal comfort.

We want to offer an assortment that respect diversity and the fact that preferences differ from person to person. This means working with a product range spanning from light elegant designs with a relatively firm comfort to larger, voluminous sofas with a softer comfort.

The Modular family will adapt to your immediate needs

"People tend to buy furniture, place them in their living room and leave them in the same position for the next 30 years" - said Verner Panton to me during our collaboration, after which he added. "Let's develop furniture that will make the living room less static." The modular concept is inspired by this dialogue."

Conlix

Design by Per Weiss 2020

Bed size 140 x 200 cm | Metal frame with Pocket Spring comfort, see pages 158-160 | Trumpet legs in lacquered oak | Detachable & washable covers | Bedding box | Optional headrest | Shown in 583 Argus Grey | Shown fabrics: 2-4 weeks delivery time | Other fabric options with 6-8 weeks delivery time, see page 163 | Scan the QR code and see further features at our website

The practical minimalist

Conlix is designed as a practical, comfortable, minimalist sofa bed with a reference to Scandinavian mid-century modern. The washable covers are equipped with a zipper for quick and easy removal and mounting, and can be renewed as needed. The solid oak legs have been given a sophisticated trumpet shape at the top. Conlix converts easily from sofa to bed and is equipped with a bedding box.

Recast Plus Light Styletto

Design by Per Weiss 2011, 2015

Bed size 140 x 200 cm | Ottoman size 66 x 66 cm | Metal frame with Pocket Spring comfort, see pages 158-160 | Styletto legs in lacquered oak | Bedding box | Optional headrest | Shown in 590 Micro Check Grey | Shown fabric: 2-4 weeks delivery time | Other fabric options with 13-15 weeks delivery time, see page 163 | Scan the QR code and see further features at our website

Soft elegance

"Malloy is a comfortable lounge sofa designed for the living room. Enjoy the combination of the soft deep seat and the comfortable high cushions, or lie down and lean into the soft cushion arm."

Per Weiss

Handcrafted elegance

"Malloy Wood has been designed for the living room as a comfortable highback sofa with carefully crafted arms in solid oak. The arms provide a scandinavian touch and work as practical side tables for a laptop, a drink or a small meal. Malloy Wood will enable you to offer a very comfortable bed to friends or family."

Vogan

Vogan Lounger

521 577

The adaptable sofa

“Vogan stems from the idea to create a design that will offer optimal comfort no matter what body type you may have. At the same time we wanted to create a product that can adapt to your instant comfort preference. Finally, we have integrated a table shelf into the sofa. Place a lamp, a vase, a stack of books and use it as a table for a glass of wine or a cup of coffee. Vogan is a multifunctional sofa designed for the living room, which also contains an extra bed for a guest.”

Oliver & Lukas WeissKrogh

Multifunctionals | Design it Yourself

"Design your personal sofa by combining the elements according to your immediate preferences. Should they change over time, do not worry. Both styling and comfort can be renewed. In addition, we offer lifetime warranty on slats and gears on the entire category of Multifunctionals."

Per Weiss

Multifunctionals | Design it yourself

6 steps to your personal sofa:

- 01 Choose your favorite sofa design
- 02 Select mattress type
- 03 Choose between fixed or removable cover
- 04 Select the styling of your cover
- 05 Select frame cover for the seat
- 06 Choose fabric

The mattresses:

Classic
Firmness rating: Firm

Mattress sizes: 120 / 140 x 200 cm.

Made from recycled foam, the Classic mattress is durable and provides a high degree of support for a comfortable sleep. Our high density foam provides strong motion isolation, making it easy to share the mattress. Choose our Classic mattress for a firm comfort.

Spring
Firmness rating: Soft

Mattress sizes: 120 / 140 x 200 cm.

The spring mattress is characterized by the soft comfort combined with effective pressure relief. Furthermore, the combination of fiberfill, a thin layer of foam, and the pocket springs ensure that the mattress is breathable and able to conduct moisture and heat away at night.

Soft Spring
Firmness rating: Extra soft

Mattress sizes: 120 / 140 x 200 cm.

The Soft Spring mattress offers a unique comfort achieved through the combination of pocket springs and the built in topper of hyper soft foam. Choose our Soft Spring mattress for an extra soft comfort.

Latex
Firmness rating: Medium

Mattress size: 140 x 200 cm.

A breathable natural core of high quality OEKO-TEX® latex ensures a durable mattress that adjusts to your body. Latex sleeps cooler than foam and reacts instantly to your every move. As Latex is derived from a sustainable resource, it is the eco-friendly choice. Choose our Latex mattress for a medium comfort.

Non-detachable covers

Nordic Mattress

This is the standard mattress look with pull downs. You decide on the textile you like, and should you later happen to change your mind about style or colour, you can choose between the two detachable cover options we offer. Available for all mattresses on page 122.

Detachable covers

Nordic Cover

This cover has a sleek, rounded surface with stylings in each of the corners of the mattress. It covers up your entire mattress, giving you the option of choosing a different colour. Should you want to change the look, simply buy a new cover instead of a new mattress. Available for all mattresses on page 122.

Sharp Plus Cover

This cover has a sleek surface with stylings across the edges of the mattress. It covers up your entire mattress, giving you the option of choosing a different colour. Should you want to change the look, simply buy a new cover instead of a new mattress. Available for all mattresses on page 122.

Frame covers

A back frame cover is always included. If you prefer the full cover look, a seat frame cover can be purchased.

Back frame cover (always included)

Front seat cover (optional)

Bed size: 140 x 200 cm | Metal frame with beech wood slats | Soft Spring comfort with detachable Nordic cover, see page 142 | Legs in matt black | Included back frame cover | Optional seat frame cover | Bedding box | Detachable & washable mattress cover & frame covers | Shown in 578 Kenya Taupe & 612 Blida Sand Grey | 2-4 weeks delivery time | See all fabric options, page 161 | Scan the QR code and see further features at our website

Pocket Spring

The individual pockets in these models ensure that pressure is applied to each individual spring for optimal support – in seating as well as sleeping position. The high resilient foam casing contributes to a breathable mattress while providing a soft top support.

The following models have this comfort:

Achillas, Bragi, Conlix, Cosial, Eluma Deluxe Button, Ghia, Idun, Muito, Narvi, Oldschool, Pascala, Recast Plus, Sigmund, Splitback, Sly, Sly Wood, Trym, Unfurl, Unfurl Lounger & Zeal.

- Fabric
- Fiberfill
- High resilient foam
- Pocket spring 6-12 cm
- Fibertex
- Metal mesh
- Rigid metal frame

Pocket Spring Dual

The Pocket Spring Dual comfort share the general composition of the Pocket Spring models apart from the extra layer of hyper soft foam that gives these sofa beds an extra soft feel. This extra layer of luxury provides a soft seating and sleeping comfort.

The following models have this comfort:

Cornila, Dublexo, Frode, Malloy, Malloy Wood, Osvald & Tripi.

- Fabric
- Fiberfill
- High resilient foam
- Fiberfill
- Foam casing
- Pocket spring 10-12 cm
- Fibertex
- Metal mesh
- Rigid metal frame

Excess Pocket Spring

The higher coils in the Excess Pocket Spring models provide a softer sofa comfort. In combination with the core foam casing, the Excess mattress has higher absorption of pressure on each spring for a more comfortable sleep.

The following models have this comfort:

Bifrost Deluxe Excess Lounger, Cassius Deluxe Excess Lounger, Long Horn Deluxe Excess Lounger, Pyxis, Supremax Deluxe Excess Lounger, Vogan, Vogan Lounger & Yonata.

- Fabric
- Fiberfill
- High resilient foam
- Pocket spring 16 cm
- Fibertex
- Metal mesh
- Rigid metal frame

Recycled Foam

The mattress filling is made from a combination of a soft padding of OEKO-TEX® certified high resilient foam and a core of recycled bonded foam. Bonded foam is made of leftover foam from our own and other productions, which we remould, compress and use again.

The following model has this comfort:

Revivus.

- Fabric
- Mattress cover
- High resilient foam
- Bonded foam
- Mattress cover
- Metal mesh
- Rigid metal frame

No-zag Spring

The no-zag springs and the thick layer of high resilient foam provide an even and soft seating as well as sleeping experience.

The following models have this comfort:

Cubed 02, Olan & Salla.

- Fabric
- Fiberfill
- High resilient foam
- Fibertex
- No-zag spring
- Massive wood frame

No-zag and Pocket Spring

The combination of no-zag and pocket springs with a hyper soft foam on top create a unique softness in seating as well as sleeping position. The use of no-zag contributes to an extra layer of elasticity and allows the mattress to breathe.

The following model has this comfort:

Merga.

- Fabric
- Fibertex
- Fiberfill
- High resilient foam
- Pocked Spring
- Fibertex
- No-zag spring
- Massive wood frame

Bonell Spring

The Bonell Spring mattress is characterised by the use of strong, connected springs topped with a layer of high resilient foam. This spring type distributes the pressure from your body on a larger area to create an even, yet elastic support.

The following model has this comfort:

Vanadis.

- Fabric
- Fiberfill
- High resilient foam
- Bonell spring
- Fibertex
- Massive wood frame

Sigmund

Pocket Spring mattresses ensure that pressure is applied to each spring separately. The result is a mattress that supports individual parts of your body better. The springs are surrounded by layers of high resilient foam providing a soft top support – whether for playing, sitting, or sleeping. Pocket Split mattresses consist of two separate mattresses that can be used separate or in combination.

The following model has this comfort:

Sigmund.

- Fabric
- Fibertex
- Fiberfill
- High resilient foam
- Pocked Spring
- High resilient foam
- Fibertex

5-zone Multi-Pocket Spring

The breathable Multi-Pocket Spring mattress - designed for comfortable sleep with as many as 650 springs per square meter and 5 comfort zones to support the individual parts of your body. Further, the cover is removable and can be washed at 60 degrees Celsius.

Available for:

Eivor & Killian.

Fiberfill quilted fabric
High density foam 2 cm
Multi-Pocket Spring 8 cm

Fiberfill quilted fabric

Purem

Our Purem mattress is durable and provides a high degree of support for a comfortable sleep. The Purem mattress provides strong motion isolation, making it easy to share the mattress, as the mattress provides constant support. Further, the cover is removable and can be washed at 60 degrees Celsius.

The following model has this comfort:

Vithus.

Top Mattresses

Top Mattresses

120 / 140 / 150 / 160 x 200 cm.

A 5 cm durable and reversible top mattress with a core of hyper soft foam that provides an even and supportive sleeping surface on all adjustable sofa beds. The cover is 100% polyester which is breathable, removable and machine-washable at 60 degrees Celsius.

The top mattress comes with a bag for storage when not in use. The bag helps minimise the volume of the topper for better storage.

Mattress Pads

80 / 90 / 120 / 140 / 150 / 160 x 200 cm.

A mattress pad provides a little extra cushioning and an added layer of protection for your mattress. They can be removed and machine-washed at 60 degree Celsius. The fabric is OEKO-TEX standard 100 certified.

Available for most mattresses.
