News autumn / winter 2021

Warm minimalism and new classics

Renew your home
and table setting
with a simple touch
of colour.

This autumn, we are inspired by
nature's contrasts, matt surfaces and
the human search for calm and warmth,
with serene colours like Dusty Blue,
Army, Rust, and Soft Sand.

Emma

With its characteristic organic shape, Emma makes everyday life beautiful.

For breakfast, brunch or afternoon tea, the Emma vacuum jugs and water kettle will be at your service.

The natural look of the sand-coloured Emma vacuum jugs and water kettle complement any table setting. Known for clean lines and innovative material combinations, Emma is a modern design classic.

EM77

Made in Denmark since 1977

The iconic EM77 vacuum jug looks good in any colour and setting. This season's palette features elegance, freshness and a warm retro glow.

A harmonious combination

The EM77 jug and the bread bag invite you to slow down and enjoy a well-earned break with a great cup of tea or coffee.

Amphora

Our Amphora jugs are inspired in both name and form by the ancient Greek clay pots. Yet with its round body and distinctive shoulders, the Amphora design also reaches far into the future.

The black colours of these Amphora jugs unite contemporary function and classic details.

The soft peach Amphora jugs underlines a calm and soothing interior.

White Amphora jugs convey a subtle nostalgic look.

Birdie

Time flies with the Birdie wall clock. The simple, poetic design creates a light, sculptural effect on your wall. Compose a small installation in discrete colours and keep track of time around the world.

Theo

Take your time. Enjoy a moment of calm with your favourite tea or coffee.

Let the Theo collection stimulate your senses. Combining matt stoneware with glaze and bamboo details, the Theo range's natural look will bring Scandinavian simplicity and elegance to your home.

Hoop

Linger round the table and enjoy the flames dancing in the Hoop hurricane lamps.

EM nut & lobster cracker

The EM cracker comes in handy throughout the year, whether cracking nuts for a light snack or crab claws for a sumptuous meal.

Create an inviting table setting with the elegant Hoop serving bowl and wooden salad servers.

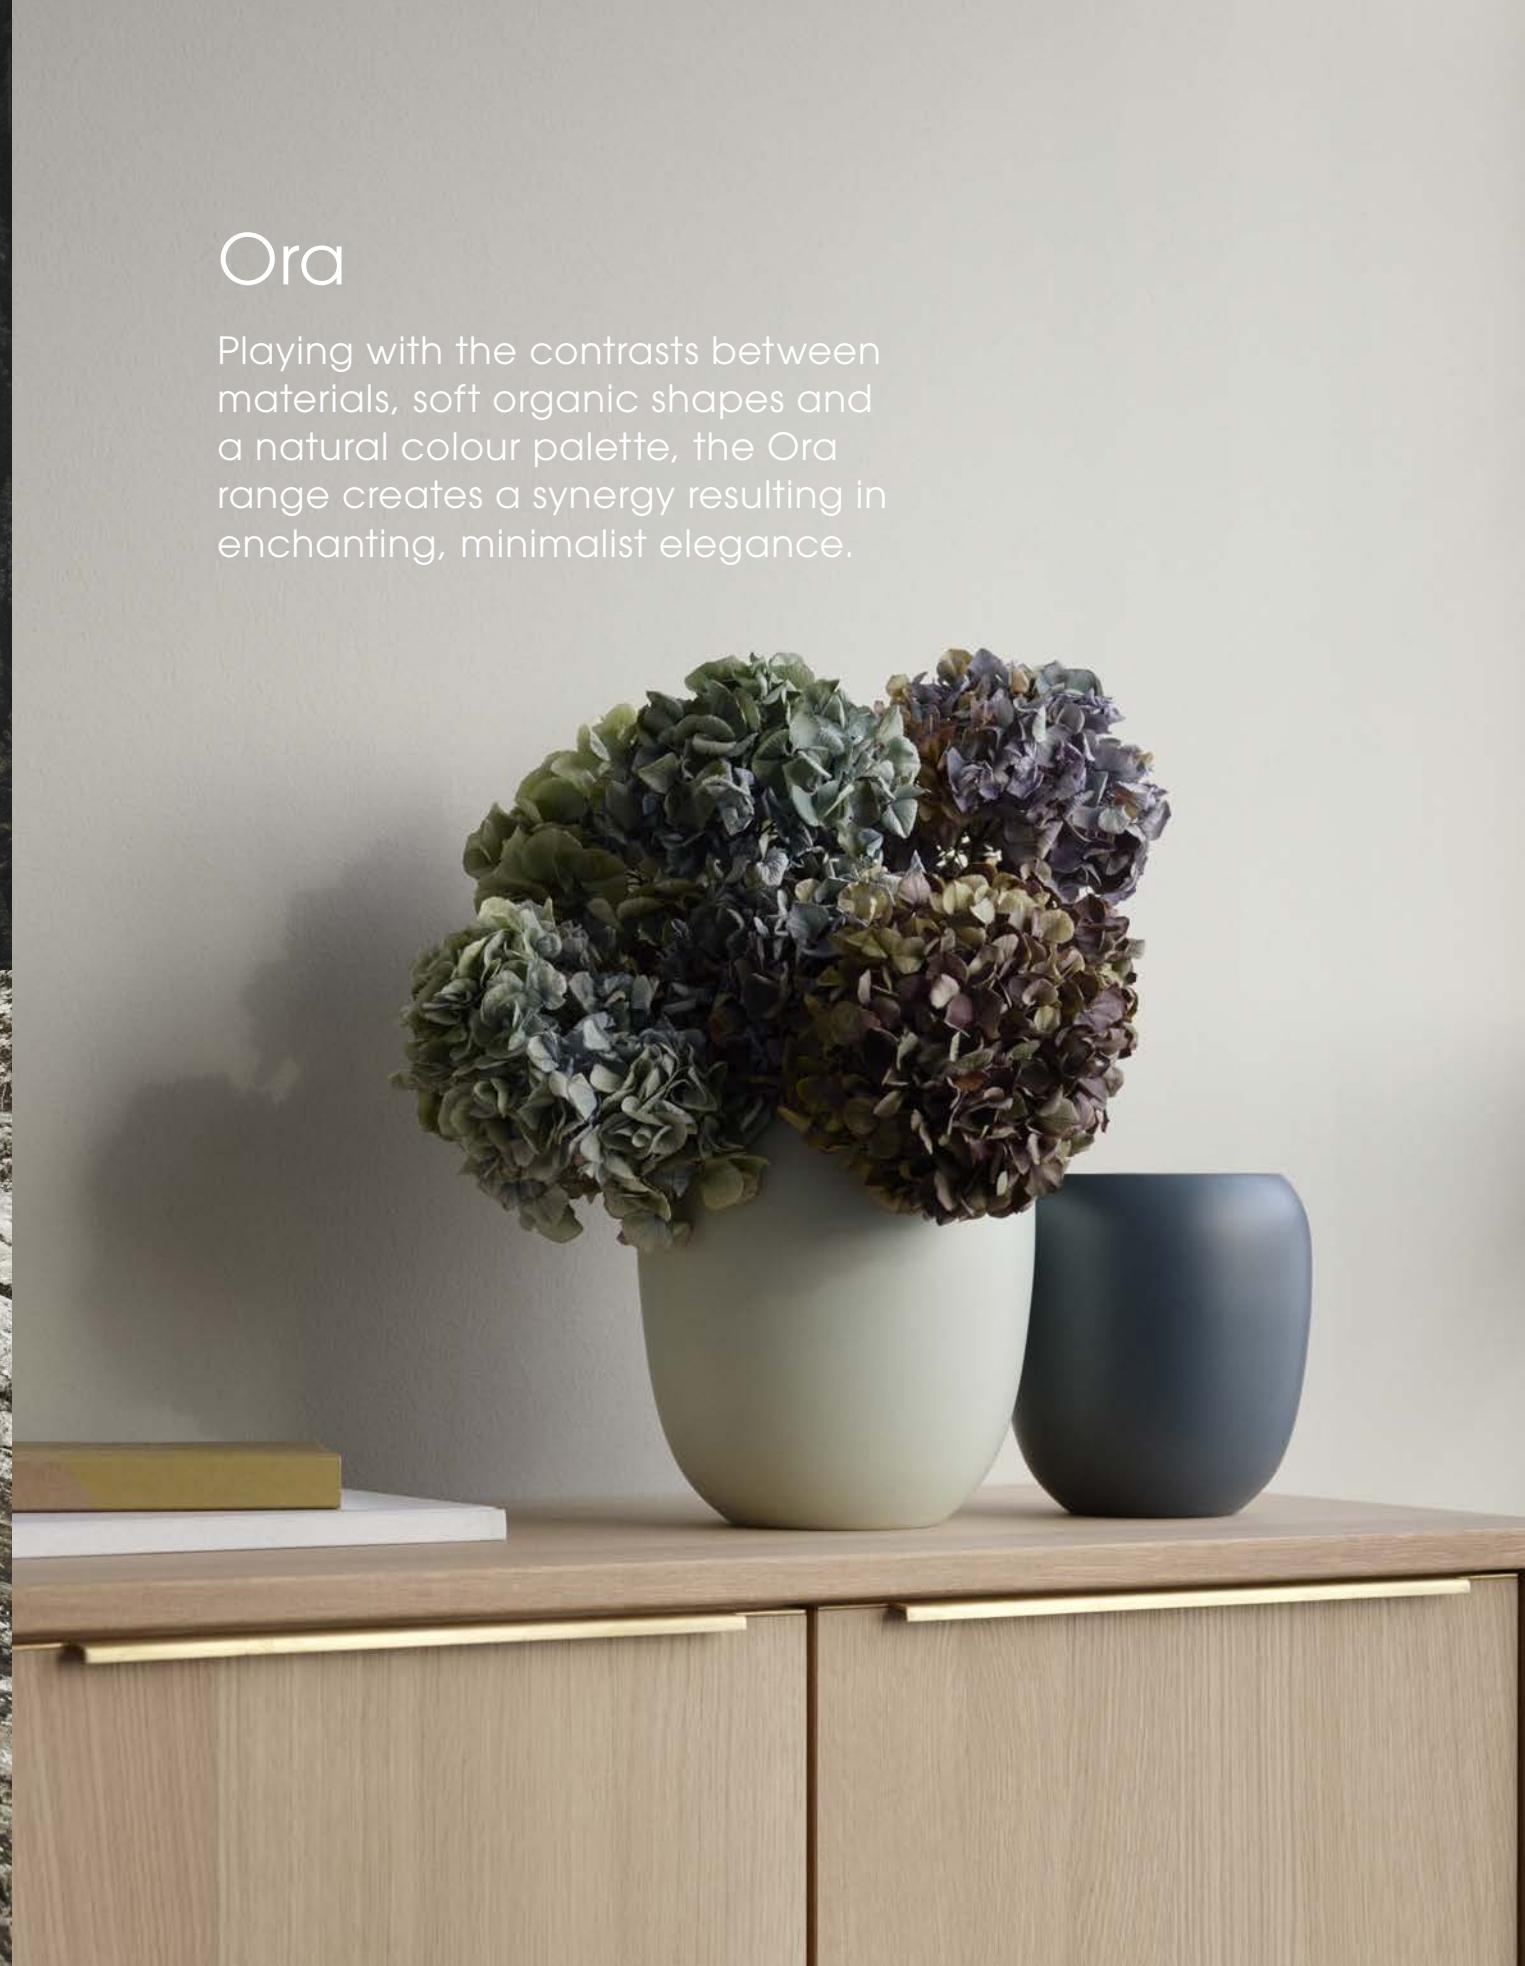

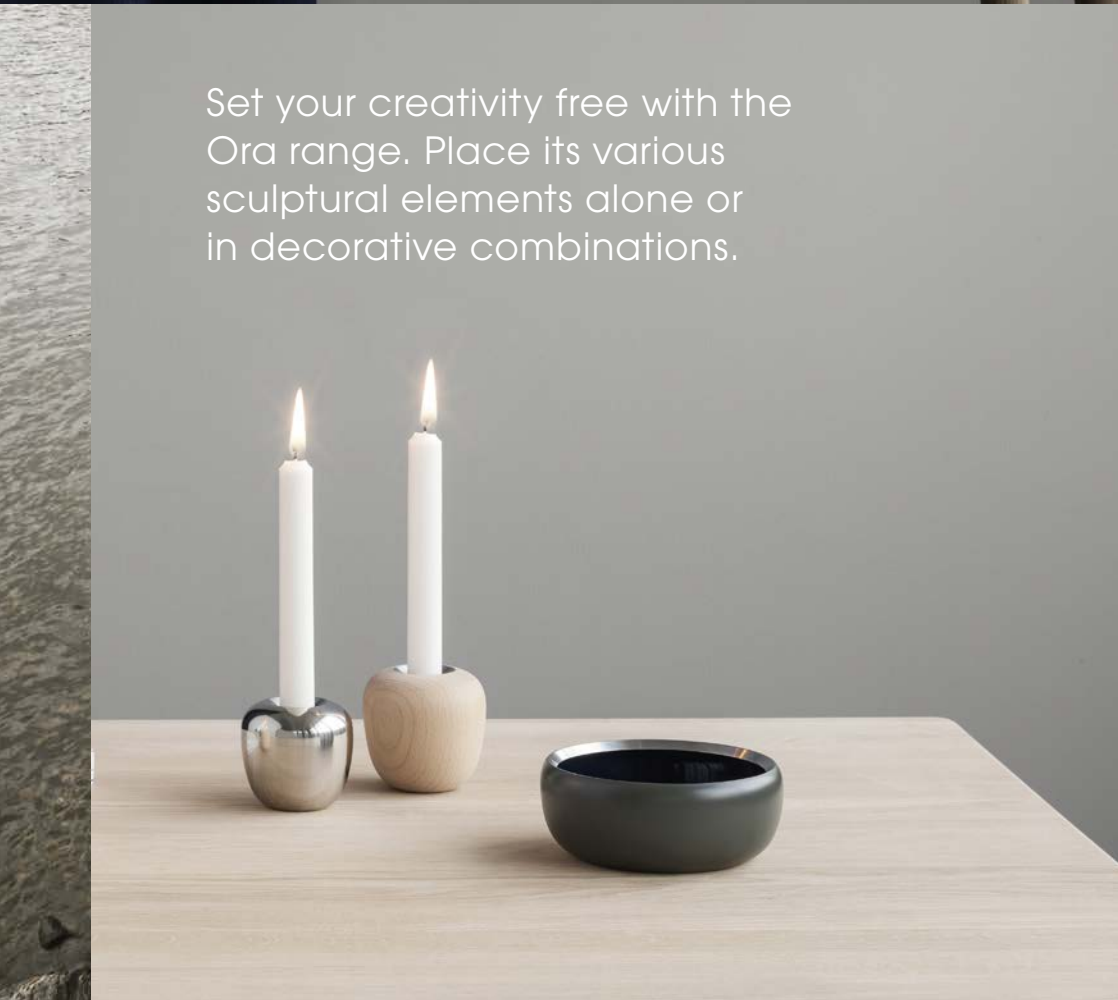

Ora

Playing with the contrasts between materials, soft organic shapes and a natural colour palette, the Ora range creates a synergy resulting in enchanting, minimalist elegance.

Set your creativity free with the Ora range. Place its various sculptural elements alone or in decorative combinations.

To Go

Design that makes a difference. Save resources by bringing your own cup and bottle. These stainless-steel To Go Click cups and Keep Cool bottles can be used again and again. Go for an understated look with these soft natural hues.

Keep Warm and Keep Cool

Take your favourite drinks with you anywhere in these vacuum insulated flasks in elegant black or light grey. Combine hot and cold refreshments and enjoy freedom and flexibility.

Carrie

On the go in the city, at college or commuting? Carrie is a new range of vacuum cups and drinking bottles for anyone in need of a break and a hot or cold drink.

With its conical, slim shape, Carrie fits most cup holders and can also be popped in a bag. Your new best friend in classic hues.
