Fawn storage units

Product facts

Version: 1-8-2021

Material

Body	Solid oak
Finish	Hardwax oil

Technical features

Structural frame

Storage unit's body, as well as all inside shelves, drawers, fronts and legs are made of solid wood - oak, except storage unit back panel and drawer bottom panels which are made of oak veneered high-density fiberboard.

Finish

Available in two plant-based Hardwax oil finishes (colours), which retain the wood's natural state, as a white or natural oil.

Fronts

Solid oak front panels have wooden stiffeners on the inside which prevent minor changes in the dimensions of the wooden parts over time due to the hygroscopy.

Cleaning

Please see [Product](#) or [Material](#) page on our website.

Notes to consider

Variations

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

Product changes

Please note that Gazzda reserves the right to alter construction and design without notice.

Dimensions (tolerances)

The dimensions shown are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes. Deviations from the specified size may occur, usually no more than 1 cm.
