

LIUKU BASE

The Mater Liuku Base Pendant is designed by Finnish designer Maija Puoskari. It is crafted in solid, FSC certified alder wood and stripped of excessive decoration, leaving focus on the simple design. The LED light source is hidden in the drop - or ball-shaped - design, which is treated with matt lacquer. The two shapes constitute the base of the Mater Liuku Pendant, with an additional glass shade. The minimalistic design means the Liuku Base is ideal as a single pendant, aligned or in decorative clusters for both residential and commercial decor.

ITEM NO.	02901 Ball shaped 02902 Drop shaped
DESIGNER	Maija Puoskari FI
MATERIAL	Natural FSC alder wood
LIGHT SOURCE	GU10 - max 8W LED. Class II - IP20
ORIGIN	Europe

DIM BALL	DIA 121 mm / DIA 4.7" 0.4 kg
DIM DROP	DIA 140 mm H 195 mm DIA 5.5" H 7.6" 0.8 kg
