

A woman with long blonde hair, wearing a white long-sleeved shirt and white pants, is sitting in a brown leather Flexlux chair with a matching ottoman. She is smiling and looking towards the right. The chair has a black five-pointed base. The setting is a modern interior with large concrete pillars and a large window overlooking a green landscape. To the left, there is a concrete side table with a dark glass bottle, a small glass, and a notebook. A framed picture is leaning against the wall behind the chair.

MORE

A read, a drink, a break, a daydream - we all need somewhere to savour the moment. FLEXLUX® is designed to be that place.

The steel frame and moulded foam are guaranteed against material defects for a period of 10 years from production date on all FLEXLUX® models.

CLEMENT

The headrest is adjustable in height and angle, to get the best position for reading, watching TV or relaxing.

CLEMENT ELECTRIC FUNCTION

Clement lets you change positions smoothly and effortlessly. You will find a motion touch panel under the armrest, perfectly placed for adjusting the back angle and the built-in footrest with a double motor function. This ensures you will find pleasure in every moment.
