

## Coupole / Barstool Design /

Coupole, made up of steel chairs and barstools, is a contemporary reinterpretation of the homonymous and historic best seller, entrusted to the EMU Research and Development Centre. The distinctive pattern of its backrest takes inspiration from the shapes of the Brunelleschi's Dome.

### Description

Code: **442**

Typology: **Barstools**

Collection: **Coupole**

Stackable: 4

Static Load: 200 Kg

Seat Height: 75 cm

### Technical Info

Width: **51 cm**

Depth: **48 cm**

Height: **107 cm**

Weight: **6.30 Kg**

Static Load: **200 Kg**

### Packaging

Packages: 1

Pieces for pack: 4

Dimensions: **130x68x58 cm**

Volume: **0.512 mc**

Polyethylene bag and cardboard box

### Materials

#### **Steel**

Iron and carbon alloy, with carbon content below 2%, treated to withstand the elements with the unique EMU-Coat anti-corrosio process.

**Maintenance:** To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax.
