Book I

2022/2023

ES

Este es nuestro tercer año desde que comenzamos la andadura de Teulat y nos complace presentaros la primera entrega del catálogo 2022/2023. A pesar de los tiempos de incertidumbre que estamos viviendo nuestro equipo sigue trabajando, con mucho esfuerzo y ganas, consolidando este proyecto y haciéndolo más grande.

La pandemia nos ha hecho pasar más tiempo en casa y hemos sido conscientes, más si cabe, de la importancia de lo que nos rodea en nuestro hogar. Por eso, nos reafirmamos en nuestro objetivo de crear piezas confortables y actuales aproximando el diseño al mayor público posible y creando, poco a poco, una comunidad con carácter propio: la comunidad Teulat.

IN

It is our third year since we began the Teulat journey, and we are pleased to present the first part of the 2022/2023 catalogue. Despite the uncertain times that we are experiencing, our team continues to work, with great effort and passion, consolidating this project and making it grow.

The pandemic has forced us to stay at home for a long time, making us aware, even more so, of the importance of what surrounds us in our home. For this reason, we reaffirm our objective of creating comfortable and contemporary pieces that brings design to the widest possible audience and grow, little by little, a community with its own character: the Teulat community.

Eric Cambres Vila
CEO Teulat

ES

Teulat busca crear espacios singulares y dotarlos de ese confort personal e íntimo para transformar viviendas en hogares. Lugares que habitamos en lugares que vivimos.

Nuestro objetivo es simple: acercar el diseño a todas las personas. Y el cómo es sencillo: crear un producto de calidad, atemporal y accesible, donde cada una de las piezas ha sido meditada con mimo por el equipo creativo de la empresa, pensando hasta el último detalle y haciendo nuestras colecciones únicas y especiales.

Con esta idea nace Teulat, tejado en valenciano, con el ánimo de propiciar ambientes con personalidad, intimidad y diseño.

Somos la segunda generación de una empresa familiar que, con mucho esfuerzo, quiere hacerse hueco en un sector que conocemos y valoramos, tras muchos años de trabajo y dedicación en la familia.

Diseñamos mobiliario con la idea de crear espacios confortables y útiles para las personas. Aparadores donde guardar su ropa. Cajones donde guardar secretos. Sillas donde se alarguen las sobremesas. Butacas donde las conversaciones sean eternas.

IN

Teulat seeks to create unique spaces providing personal and intimate comfort to transform a house into a true home, converting spaces where we inhabit into places where we live.

Our objective is simple: Is to bring design to everyone. This can be achieved by creating timeless and affordable quality products with components carefully pondered to the smallest detail by our creative team to make our collections unusual and special.

This is the idea behind Teulat, which means “roof” in Valencian – a desire to promote personal and intimate environments powered by design.

We are the second generation of a family-run business, highly committed to find its own place in a sector we deeply understand and respect as a result of many years of hard work and dedication.

We design furniture with the aim of creating both comfortable and functional spaces for people like you: sideboards to preserve your most beloved books, drawers to keep your precious secrets, chairs to savour the sweetest meals, armchairs to enjoy everlasting conversation.

▶ The studio is formed by Eric Cambres and Carlos Garcia, both graduates in Industrial Design. The team takes on the new projects of the company to add their design touch to every new development. Specialized in the furniture industry, both aspire to explore all the other dimensions of the design.

ES

Doric se inspira en los órdenes arquitectónicos de la Grecia clásica. Sus surcos verticales reflejan la sencillez y la robustez característica de este periodo, buscando la belleza y proporcionalidad de los preceptos clásicos de arquitectura.

Al igual que en la antigüedad, la colección Doric se ajusta de manera proporcional en sus distintas versiones, siempre respetando el patrón estético característico de esta colección.

EN

Doric collection has been inspired by the Classical Greek architectural orders. Thus, its vertical grooves evoke the prevailing simplicity and robustness of that period: a search of beauty based on the proportionality of the classical precept of architecture.

As in ancient times, the Doric collection adjusts proportionally in its different versions, always respecting the aesthetic pattern characteristic of this collection.

Bajo el efecto desenfocado, los cristales de la colección Blur, desdibujan las siluetas de su interior, jugando con lo oculto y lo que se deja entrever. La combinación del cristal con los marcos metálicos y la chapa de roble dán como resultado un mueble elegante y con estilo propio.

El casco de la colección Blur está realizado en DM chapado en roble o roble tintado en negro, las patas son metálicas y las puertas con cristal estriado.

EN

Under the unfocused effect, the crystals from the Blur collection blur the silhouettes inside, playing with the hidden and what is revealed. The combination of glass with metal frames and oak veneer result in an elegant piece of furniture with its own style.

The structure of Blur is made with MDF veneered in oak or oak painted in black and has metal legs. The doors are made with fluted glass.

La silueta redondeada del mueble, hace que Corvo sea una colección de aspecto suave y voluminoso. A su vez, esto es lo que permite que todas las piezas queden integradas de manera precisa sin necesidad de piezas extra, generando un aspecto mucho más limpio y cuidado.

Corvo está realizado en MDF lacado a excepción del nicho, chapado en roble.

EN

The rounding edges along the entire perimeter of the furniture gives Corvo collection a soft and voluminous appearance. This is what provides all models of this collection a self integration without the need to introduce any other extra pieces, creating a much cleaner and neater appearance.

The structure of Corvo is made of lacquered MDF except for the niche, which has a veneered oak finish.

Creando la forma de una Arista como tirador conseguimos transmitir la esencia de la colección siendo éste el elemento particular del mueble, haciéndolo propio y no una pieza independiente, dotándolo de diseño y una exclusividad que lo hace único. Para conseguir esta integración, se ha generado un marco alrededor del perímetro superior del mueble rematado con una tapa.

El mueble presenta un encuentro a 45º entre las puertas y el casco para la total cohesión de las partes.

Creating the form Arista as a handle enables to transmit the essence of the collection as a particular element of the furniture, making it its own and not an independent piece, endowing it with design and exclusivity that makes it unique. To obtain this integration, a frame was created to surround the upper perimeter of the furniture, topped with an oak veneer finishing.

The furniture doors meet the top at an angle of 45º which offer total cohesion between all the furniture parts.

El punto de partida de la colección Sierra era jugar con las texturas y como éstas interactúan de distinta manera con el entorno y los usuarios. El relieve de Sierra surge de su referente homónimo. Inspirado en las subidas y bajadas, el acabado juega con las luces, las sombras y la percepción del volumen en sí.

Está realizado en DM lacado en diferentes colores e incorpora apertura y cierre de puertas con push. Incorpora una pata de apoyo regulable para un ajuste a la perfección ante cualquier desnivel del suelo.

EN

The different shapes and textures present at our surroundings are the starting point for Sierra. Its geometry is conceived after the climbs and descents from a rough landscape which will provide a different perception of volume to each person.

It's made of lacquered DM in different colours and incorporates a push opening system for the doors. It also comes with an adjustable leg at the centre for a perfect fit no matter how uneven the floor is.
