Collect Lighting Collection

With a seemingly infinite range of expressions, ferm LIVING's innovative and interchangeable lighting system allows you to create customised and contemporary looks in each and every room. Offered in a fully compatible series of multiple shapes and colours, Collet Lighting allows you the freedom to create beautiful lighting solutions: Simply select your favourite lampshade or opal shade and pair with your chosen socket pendant, adding the series' decorative brass, chrome or black brass ring to complete the design.

Striking the perfect balance between classic and contemporary, iconic forms are reworked to modern sensibilities, rendered in quality materials in a range of subtle finishes and subdued, complementary colours. Illuminating your home in style, each interchangeable piece can be combined in personal ways to provide the perfect mix of ambient and directional light, whether primary light sources for functional use or subtle accents for decorative purposes.

Bring imagination to your rooms and create perfectly balanced contemporary lighting – whichever way you choose.
