### HAPPINESS

### RESPONSIBILITY

### OPENNESS

### COMMUNITY

Hübsch was founded on the motto "where happiness live", and happiness is still a keyword deeply rooted in the company. Freedom with responsibility is a key part of our daily life, and all parts of the company depend on each other. We take responsibility for what we do and expect our partners to do the same. Knowledge sharing, honesty, openness and good communication are paramount values. Both internally and externally, we encourage everyone to share their inputs for us to develop as a company. Hübsch is a small community on its own in which we use each other's strengths and pull together as a team. We are also part of both a local and international community to which we wish to contribute the most.

## certified FSC® wood

Hübsch has an ambition of using only sustainable and traceable wood. From 2020 all designs are made with FSC® certified wood.

FSC® is a global non-profit forest certification system promoting responsible management of the world's forests, protecting them for future generations.

Our certification number is FSC-C157880. Look for our FSC® certified products.

## certified OEKO-TEX®

Hübsch has an ambition of only using textiles that are sustainable and safe from a human-ecological perspective.

We aim to have only OEKO-TEX® certified textile products by 2022.

Products marked with OEKO-TEX® are tested for harmful substances and certified according to STANDARD 100 by OEKO-TEX®, 2076-312 DTI, [www.oeko-tex.com/standard100](http://www.oeko-tex.com/standard100)

## certified ECOCERT®

The Hübsch Lifestyle series consists of hand cream, dish wash and hand soap, and is produced in Denmark and certified by ECOCERT®.

The products are completely free of parabens, synthetic dyes and minimum 95% of the plant content is organic.

Furthermore, the packaging is 100% recyclable.

# Hübsch care

At Hübsch we care about tomorrow, today.

We recognise that everything we do as a design company has an impact on the environment.

That is why we at Hübsch constantly try to find new and better ways of designing and developing our products, continuously focusing on approved and sustainable materials, placing high demands on ourselves and our partners in terms of fair and healthy working conditions and supporting our local communities.

We know that we are not saving the world, but we try to do better, day by day, to reduce our ecological footprint and to be proud of what we do.

We call this Hübsch Care, well because, we do.

**We care about tomorrow, today.**

# spring/ summer

2021

**This season you will get a mixture of quirky sculptural elements and upgraded classics, sprinkled with a bit of herringbone.**

For this collection, we have been working with inspiration from all over the world and many different design decades.

We have been combining many new and exciting materials, played with colours, and experimented with sculptural elements.

It is what is called Eclectic, enabling you to create your own unique and personal home.

We encourage you to stay openminded and curious when digging into this catalogue, and to infuse your home with carefully curated items to create the best memories possible.

## Fair overview

279

**The dining room** isn't just about the furniture – it's about the people and the memories you create. Why not set the tone for deep conversations and game nights by adding our gorgeous dining table and comfortable chairs to the room.

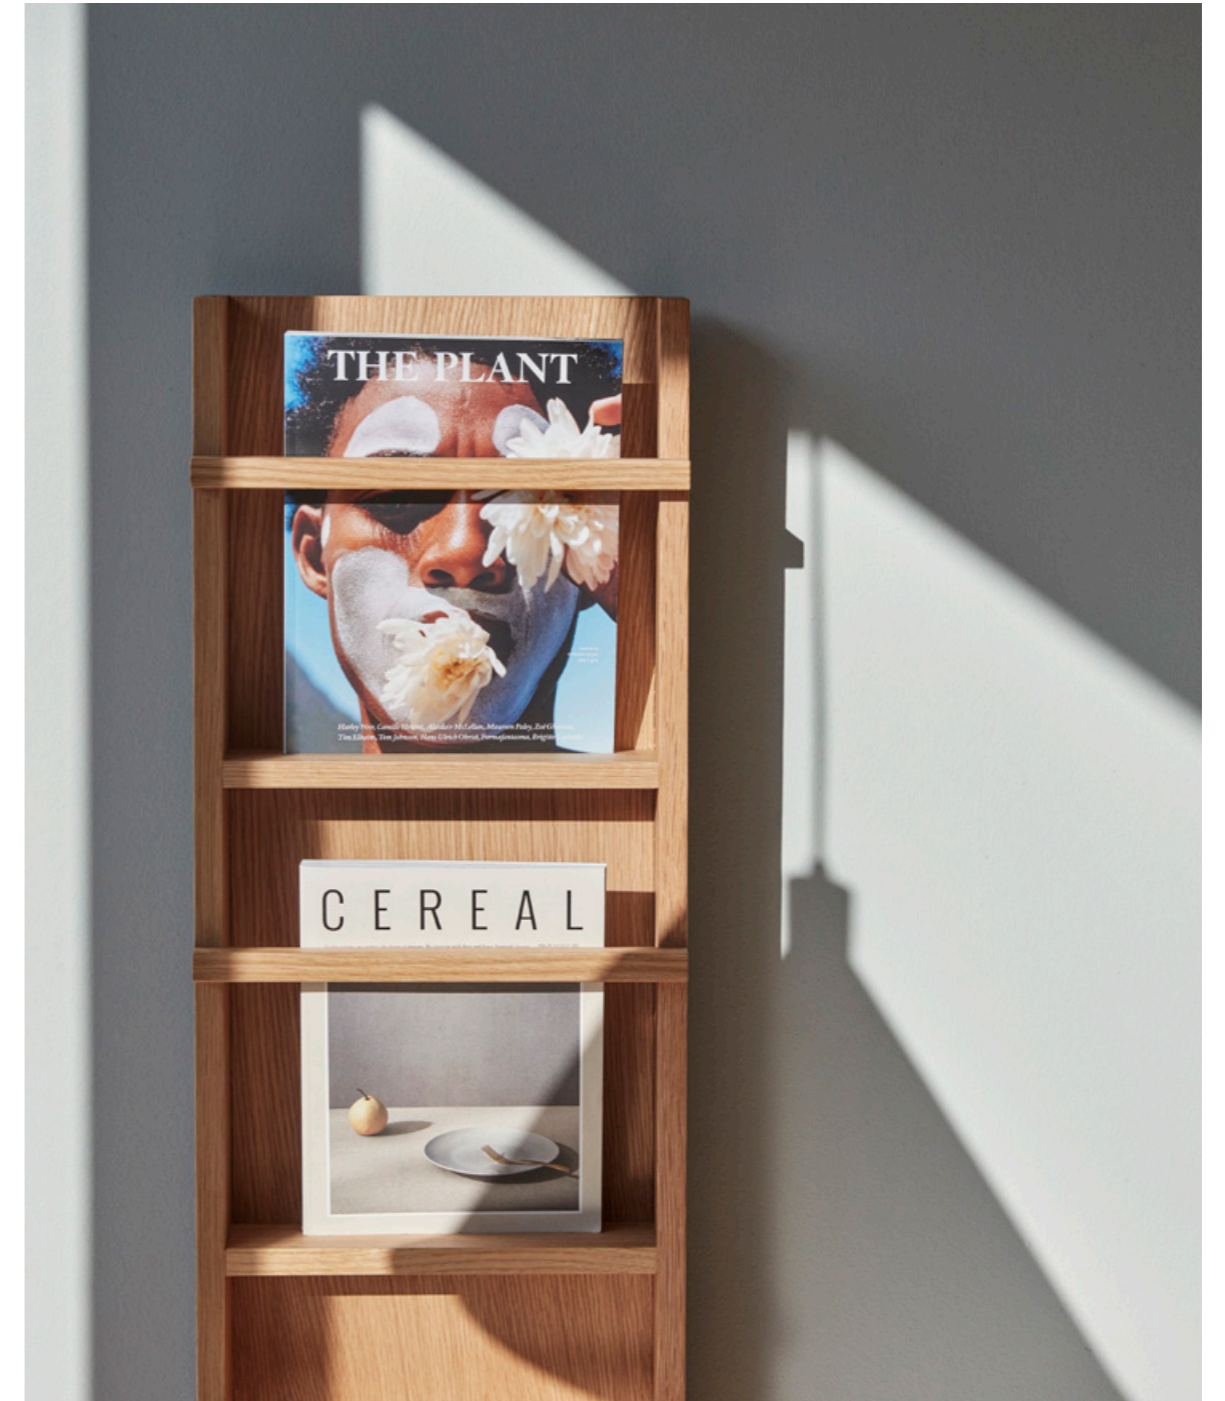

**The bedroom** is the last room you enter before drifting off to sleep, and the first room you see when waking up in the morning. This is not a room to neglect, even though it's primarily for dreaming – dream yourself away surrounded by great aesthetics and inspiring colours.

**When decorating your workspace,** it doesn't only have to be practical—make it stylish and inspiring with the right storage solutions and colours.

**Beautiful textures.** After a stressful day, hop in the shower and wash the worry away. Wrap yourself up in our soft towels and get that instant feel of comfort.

**The kitchen is your playground**  
– both when it comes to cooking, but  
more importantly how you serve it. With  
the right tableware, you will make any  
dish look inviting.

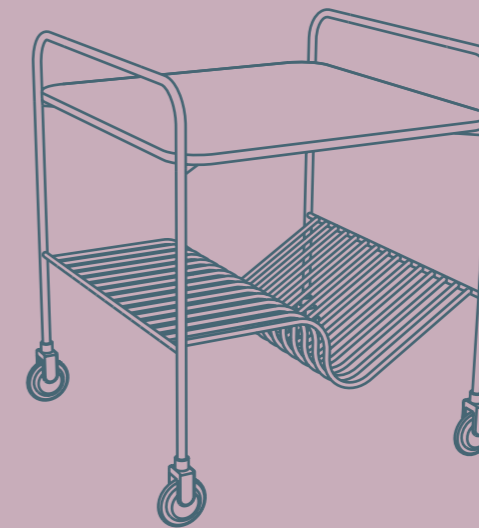

**Enchanté**—that instant feel of calm rushing through your body when you step into your home. An entrance sets the tone for the rest of the house – make it memorable by adding colourful statement pieces and freshly cut flowers.

## price information

### EN

Price codes are used in the catalogue, which lets you show the catalogue to your customers without them seeing your purchase prices. In order to read a price code, remove the first 2 and the last 2 digits in the code.

### DK

I kataloget anvendes priskoder, så du kan vise kataloget til dine kunder, uden de kan se varens indkøbspris. For at læse en priskode skal du fjerne de 2 første og de 2 sidste tal i koden.

### DE

Anstelle der Preise wurden im Katalog Preiscodes verwendet. So können Sie den Katalog auch Ihren Kunden zeigen, ohne dass diese Ihren Einkaufspreis sehen. Um einen Preiscode zu lesen, lassen Sie bitte sowohl die ersten beiden als auch die letzten beiden Ziffern des Codes weg.

### FR

Les codes prix ont été utilisés dans le catalogue à la place des prix. Ce qui signifie que vous pouvez montrer le catalogue à vos clients sans qu'ils puissent voir votre prix d'achat. Pour lire un code de prix, retirez les deux premiers et les deux derniers chiffres du code.
