## Product facts

### Materials

---

Body	Powder coated steel
Shell	Form-pressed veneer
Seat	Form-pressed veneer / Upholstery
Finish	Transparent lacquer

### Technical features

---

#### Usage

The Book Armchair is suitable for a wide variety of private, public and contract *indoor environments*.

#### Form-pressed veneer

Wooden parts are form-pressed in oak or walnut decorative veneers options (top and bottom veneer layer), while the beech makes constructive inner veneer layers. The Armchair seat is also available as a textile or leather upholstered option. For further information please see Available material pages in this document.

#### Stacking box

Thanks to the stacking box under the seat sheel, the upper chair would not leave marks at the upholstery or veneer surface of the chair below, as it would if the seat spacers are used instead of stacking box. Stacking box is made out of form-pressed veneer as well.

#### Metal base

The light metal base is made from Ø18 mm bent steel tubes. Available in black powder-coated finish with fine structure granulated surface.

#### Gliders

Plastic gliders are attached to the chair legs and are suitable for most private, public and contract flooring options. Felten gliders for sensitive floors available upon request.

#### Wood finish

The wooden parts are available in water-based transparent lacquer finishes.

#### Warranty

5 years

#### Colly quantity

2 pcs

#### Cleaning

Please see [Product](#) or [Material](#) page on our website.

### Notes to consider

---

#### Variations

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

#### Product changes

Please note that Gazzda reserves the right to alter construction and design without notice.

#### Dimensions (tolerances)

The dimensions shown are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes. Deviations from the specified size may occur, usually no more than 1 cm.

For all additional inquiries regarding Book Chairs please feel free to [contact us](#).

### Item no. 660

Assembled product

Stacking options	Non-upholstered		Upholstered	
	trolley	floor	trolley	floor
Book Armchair	8	6	7	5
Book Side Chair	10	6	9	5

### Wheels

Swivel castors are attached to the base of the trolley allowing unrestricted motion in all directions and a small turning point. The rear castors with brakes ensure a secure grip and minimal danger of rolling.

### Stacking options
