

DECO WALL LAMP

by Kristian Sofus Hansen & Tommy Hyldahl

The Deco collection has its origins in the cylinder wall lamps, found within lobby and entrance halls of 1930s Art Deco buildings.

Deco is a highly minimalistic and simplified lamp design, based on sleek iron profile casing and a cylinder opal glass shade. The translucent glass shade is characterized by a rifled structure, adding a shimmering and decorative detail to the light.

The Deco collection comes in a wall lamp, pendant and chandelier. The pendant features an adjustable steel wire, enabling both vertical and horizontal lamp installations.

DECO VARIATION

MATERIALS

The frame is made of iron. The lampshade is made of opal glass.
