

YOYO TABLE LAMP

by Kristian Sofus Hansen & Tommy Hyldahl

Inspired by the concentric shapes of a Yo-Yo, the Yo-Yo lamps are characterized by two circular opal glass shades placed opposite each other creating different layers to obscure the light source. A single layer glass ensures a bright illumination of the ceiling, while a double layer glass creates a warm and inviting atmosphere below the lamp. The translucent lampshades is elegantly mounted in an industrial metal fixture.

The Yo-Yo collection features two pendant lamps, as well as a table and floor lamp.

MATERIALS

The frame is made of iron. The lampshade is made of opal glass.
