Klupa Bench

Product facts

Materials

Body	Solid oak
Finish	Hardwax oil
Seat	Cotton webbing

Technical features

Body

Klupa's body is made out of solid wood. Product elements are connected with characteristic and visible wedged mortise and tenon joints. Felten gliders are attached to the chair legs and are suitable for most flooring options. The seat is attached to the body through matte black plastic seat spacers.

Seat

The lattice-woven cotton webbing is stretched over the seat frame and attached on its inner side to the benches body. For further information please see Available materials and colours page in this document.

Finish

Wooden parts are available in two plant-based Hardwax oil finishes (colours), which retain the wood's natural state, as a white or natural oil.

Cleaning

Please see [Product](#) or [Material](#) page on our website.

Notes to consider

Variations

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

Product changes

Please note that Gazzda reserves the right to alter construction and design without notice.

Dimensions (tolerances)

The dimensions shown are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes. Deviations from the specified size may occur, usually no more than 1 cm.
